

1. As a Librarian, I want to add an item to the library so that a given user can borrow it.

Acceptance Criteria

- If item doesn't exist in system it, it is added to the library.
- If title doesn't exist, librarian is prompted to add title to the database.

2. As a Librarian, I want to add a title to the database, so that it can be referenced when adding a book.

Acceptance Criteria

- If title doesn't exist, it is added to the database.
- If matching title information exists, title will not be added.

3. As a Librarian, I want to add a user so that I will be able to keep track of the items that they withdrew.

Acceptance Criteria

- If user doesn't exist, user is added to the system.
- If user does exist, librarian won't be allowed to add them.

4. As a Librarian, I want to be able to lend books, so that any given user can borrow items from the library.

Acceptance Criteria

- If user is *allowed*, the loan is created to represent action of borrowing.

5. As a User, I want to be able to pay the fine that I own, so that my privileges won't be revoked.

Acceptance Criteria

- If user privilege is revoked, the user's privileges is returned.
- User must be allowed to borrow books again.

6. As a Librarian, I want to be able to remove an item from the library, so that no one can withdraw it.

Acceptance Criteria

- Item cannot be accessed upon removal
- If item is being loaned, the librarian will not be allowed to remove.

7. As a Librarian, I want to be able to remove a title from database, so that all items associated with it can no longer be withdrawn.

Acceptance Criteria

- All items associated with title, by ISBN, can no longer be loaned.

- If some of the title's item instances are being loaned out, you're not allowed to remove.
8. As a Librarian, I want to remove a user from the system, so that they can not withdraw any more items.

Acceptance Criteria

- If user has an outstanding loan, they cannot be removed from the system.
 - If the user is free of loans, they can successfully be removed.
9. As a Librarian, I want to renew a withdrawn item, so that a user can keep the book for a longer amount of time.

Acceptance Criteria

- If user has outstanding fee, loan cannot be renewed.
 - If loan has already been renewed, the librarian is not allowed to renew it.
10. As a Librarian, I want to return a user's item for them, so that they won't have to.

Acceptance Criteria

- If loan has been overdue for more than three days, the user tied to the loan will have privileges revoked.
- If loan is not overdue, loan entity is destroyed from list.
